1. INTRODUCTION - GENERAL INFORMATION ABOUT THE CONFERENCE

Join us for the 3rd International Conference on Social and Health Sciences, where global experts, researchers, and professionals will gather to explore innovative solutions and strategies for shaping a sustainable future. This one-day event will be organized into three thematic sessions, each addressing crucial aspects of sustainability across various sectors, from design and business to healthcare and governance.

2. OBJECTIVE OF THE CONFERENCE

Building on the themes introduced, the 3rd International Conference on Social and Health Sciences seeks to deepen the conversation around sustainability by focusing on practical, interdisciplinary approaches. The objective is to foster collaboration across fields such as design, AI, business, healthcare, and governance, emphasizing innovative solutions that can shape a sustainable future. Through focused panel discussions, the conference will highlight actionable strategies and best practices that address today's challenges while creating long-term positive impacts for future generations.

3. TOPICS

The session will offer a focused exploration of key sustainability areas. Each panel will address critical issues and innovative solutions in design, AI, healthcare, and governance. Expect insightful discussions on how to advance sustainable practices across various sectors and contribute to a more resilient future.

8. SELECTION AND PAPER SUBMISSION – WEBSITE

Types of Works

Different types of communications are admitted in the Conference: Papers, work in progress and posters.

- **“Paper”** is considered the original research work, having completed all its phases.
- **“Work in progress”** is considered the original work referred to as a medium or long-term research project. It is mandatory that the works have the following structure: objectives, methodological aspects, and foreseeable contributions of the study.
- **“Doctoral Thesis”** is considered the original research work, completed or not, in which the authors look for a different interaction with the participants of the Conference.
- **“Poster”** is considered the original research work, completed or not, in which the authors look for a different interaction with the participants of the Conference. The poster's purpose is to encourage a person-to-person discussion about the poster's research. The authors will interact with the participants by standing beside the posters on the assigned day and schedule.

9. REVIEW AND EVALUATION OF WORK ABSTRACT

- For each type of work submitted, authors must fill in the form **“Call for Paper - Registration”** that appears on the web page. All the identification data must be completed.
- After the submission of the abstract, the applicants will be notified by email with further guidelines about the presentation.
- The evaluation is structured by conference areas. The committee will decide the area where they want to evaluate their work, although the author may ask to be reassigned to a different area in order to optimize the work of the scientific committee.

- Once the evaluation is completed, the management system will contact the applicant and notify them in terms of their acceptance.

10. PUBLICATION IN THE CONFERENCE PROCEEDINGS

Once the abstracts have been accepted, the authors can decide whether the abstract or full papers will be published in the **Book of Conference Proceedings with ISBN**.

11. FULL PAPER SUBMISSION GUIDELINES

After the presentation on the week of the conference, the participants can send the full paper by

Jan 15, 2025.

- The submission of the full paper will be done by email: conference@universum-ks.org
- In the case of several works signed by more than one author, there must be a different effective registration for each of them. At least one different signatory per work must attend the Conference.
- In all cases, it is mandatory to use the template available here "Full Work Template"
- Failure to follow the rules implies rejection of the work presented.
- Full Paper is limited to **15 pages** normally, including all figures, tables, and references. No more pages will be allowed.

12. DOCUMENTATION TO BE SUBMITTED

- The files will be written in **Microsoft Word** format (version 2003 or higher). The images, tables, and figures must be inserted in the Word document in their corresponding place.

14. PRESENTATION INSTRUCTIONS - PRESENTING THE PAPER

Here are some general guidelines that may be useful to prepare your presentation:

- Try to be in the venue where the session is going to take place approximately 10 minutes before the start time of the session.
- The format of your presentation should be in **Microsoft PowerPoint** or web-based that is supported by Chrome (**such as Prezi**).
- You can download the presentation from the Internet, but it is better to have it available on a USB stick. The rooms will have a projector and a computer with a current version of Microsoft Office, PDF document reader, browser, and Internet connection enabled. We encourage the presenters to send the file or link the day before. If any speaker has additional needs, please contact: **conference@universum-ks.org**
- Online presentations will also be possible. All exact information regarding online presentations will be available to presenters in due time.
- Note that sessions have limited time and are usually assigned more than one presentation.
- Each presentation should last **up to 15 minutes**, followed by a discussion period where the audience and/or the moderator may ask questions.
- We will allow the panelist **5 minutes** to respond.

We look forward to receiving your abstracts, research papers, reports, or articles.

Sincerely,

Organizing Committee
